

## ENVIRONMENTAL ASPECTS AT SCHOOL

RO 04 2006

Environmental Aspect

### 1. LIST OF ENVIRONMENTAL ASPECTS

Make a list of 10 environmental aspects concerning your school. You can list also more. You can see environmental aspects in the first page. Be aware that there are also other aspects, in addition to these examples!

ENVIRONMENTAL ASPECTS	
1.	Storage of dangerous substances
2.	Choice how to move
3.	Vehicles and driving habits
4.	Environmentally friendly products
5.	Values and attitudes
6.	Environmental issues part of management
7.	Safety, emergencies
8.	Values, knowledge, skills and attitudes of teachers
9.	Curriculum, implementation
10.	Values, knowledge, skills and attitudes of students
11.	Consumption of water and energy
12.	Waste management
13.	Condition of spaces
14.	Material, cleaners
15.	Consumption of material
16.	Consumption of energy
17.	Sorting waste

## 2. EVALUATING ENVIRONMENTAL ASPECTS IN SCHOOL

Evaluate environmental aspects and re-order them as top 5. Put the most significant one as number one. **Remember that this concerns only your school**, not generally!

TOP 5 ENVIRONMENTAL ASPECTS IN OUR SCHOOL	
1.	Values, knowledge, skills and attitudes of students
2.	Curriculum, implementation
3.	Values, knowledge, skills and attitudes of teachers
4.	Waste management
5.	Consumption of water and energy

The 7<sup>th</sup> graders (B) from Colegiul National Emil Racovita Cluj-Napoca.
